Cents to \$3 Per Ton-Lead Firm at \$53.50.

REPUBLIC SPECIAL. Joplin, Mo., Oct. 31 -- While the shipment of zinc was 184 tons less than the precedling week, the sales were larger, every pound of reserve ore in the district having been disposed of by Saturday evening. In an effort to bear the market one of the heaviest nurchasing companies lost to an extent of two-thirds the average purchases, while the purchasing agents of other smelters were advancing prices.

Advances were all the way from 50 cents to 55 per ton, the latter on ores that had been selling below their worth. Not before this year, since the beginning of zinc mining in Southwest Missouri, has there been a time when one of the largest companies could practically drop out of the market, or could offer lower prices, without effectually influencing the whole market. But as has been pointed out heretofore, there is not enough zinc ore being mined in the district to meet the present needs of all the smelters drawing upon the district for a supply and con-sequently they are quick to take ad-vantage of every opportunity to gather up the bins, on which lower offerings are made.

made. The lead sales of the week were un-made.

The lead sales of the week were un-usually large, and the price held firm at \$5.50 per ton.

Following are the shipments of zinc and lead, in pounds, by the companies and individuous owning land and first leases in the various comps of the Jopin dis-trict, for the week ending October 19:

HIGH CLASS DRUGGISTS AND - OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or officinal names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company—California Fig Syrup Co.—printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction. Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the

immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name-" Syrup of Figs"-or "Fig Syrup" and of some piratical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company-California Fig Syrup Co.—printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.

yesterday morning at 1 o'clock, at the home of the bride's father in De Hodiamont, by a Presbyterian minister.
Dels and Miss White went to Clayton Saturday evening about 6 o'clock to get a marriage license only to find the Courthouse closed. They went back to De Hodiamont, but returned to Clayton early Sunday morning, when they found the marriage license clerk, but were again doomed to disappointment, as he informed them that he could not issue a license on Sunday and that they would have to return after 12 o'clock Bunday night. This was done. The minister, the Reverend 8. Howard Smith, agreed to remain up until they returned from Clayton.
Other licenses issued in Clayton yesterday were to William Wolfe of Mint Hill, Mo., and Gertrude Kossman of Cook, Mo.; Roy T. Sine of St. Louis and Josie L. Bell of No. 2216 Adams street, who were married by Justice Gockes, and to Albert Sommer of St. Louis, and Bessie Fiela of Chicago.

Negro Porter Believed to Have Been the Only Man Killed, All Oth-

Memphis, Tenn., Oct. 31.-With a terrific crash the building occupied by the Continental Savings Bank, at No. 19 Madison street, collapsed to-day, burying several persons in the wreckage, So far as known, only one person, a negro saloon porter, was killed.

Joseph Fischer, a tailor, who had a shop in the building, is the only person known to have sustained serious injuries. Fifty workmen, who had been making excava-tions at the corner adjoining the structure, and the office employes, escaped when a crackling noise warned them of \$73,588.27.

The building was a four-story office
